REETH,  
Yorks.

July, 1945.

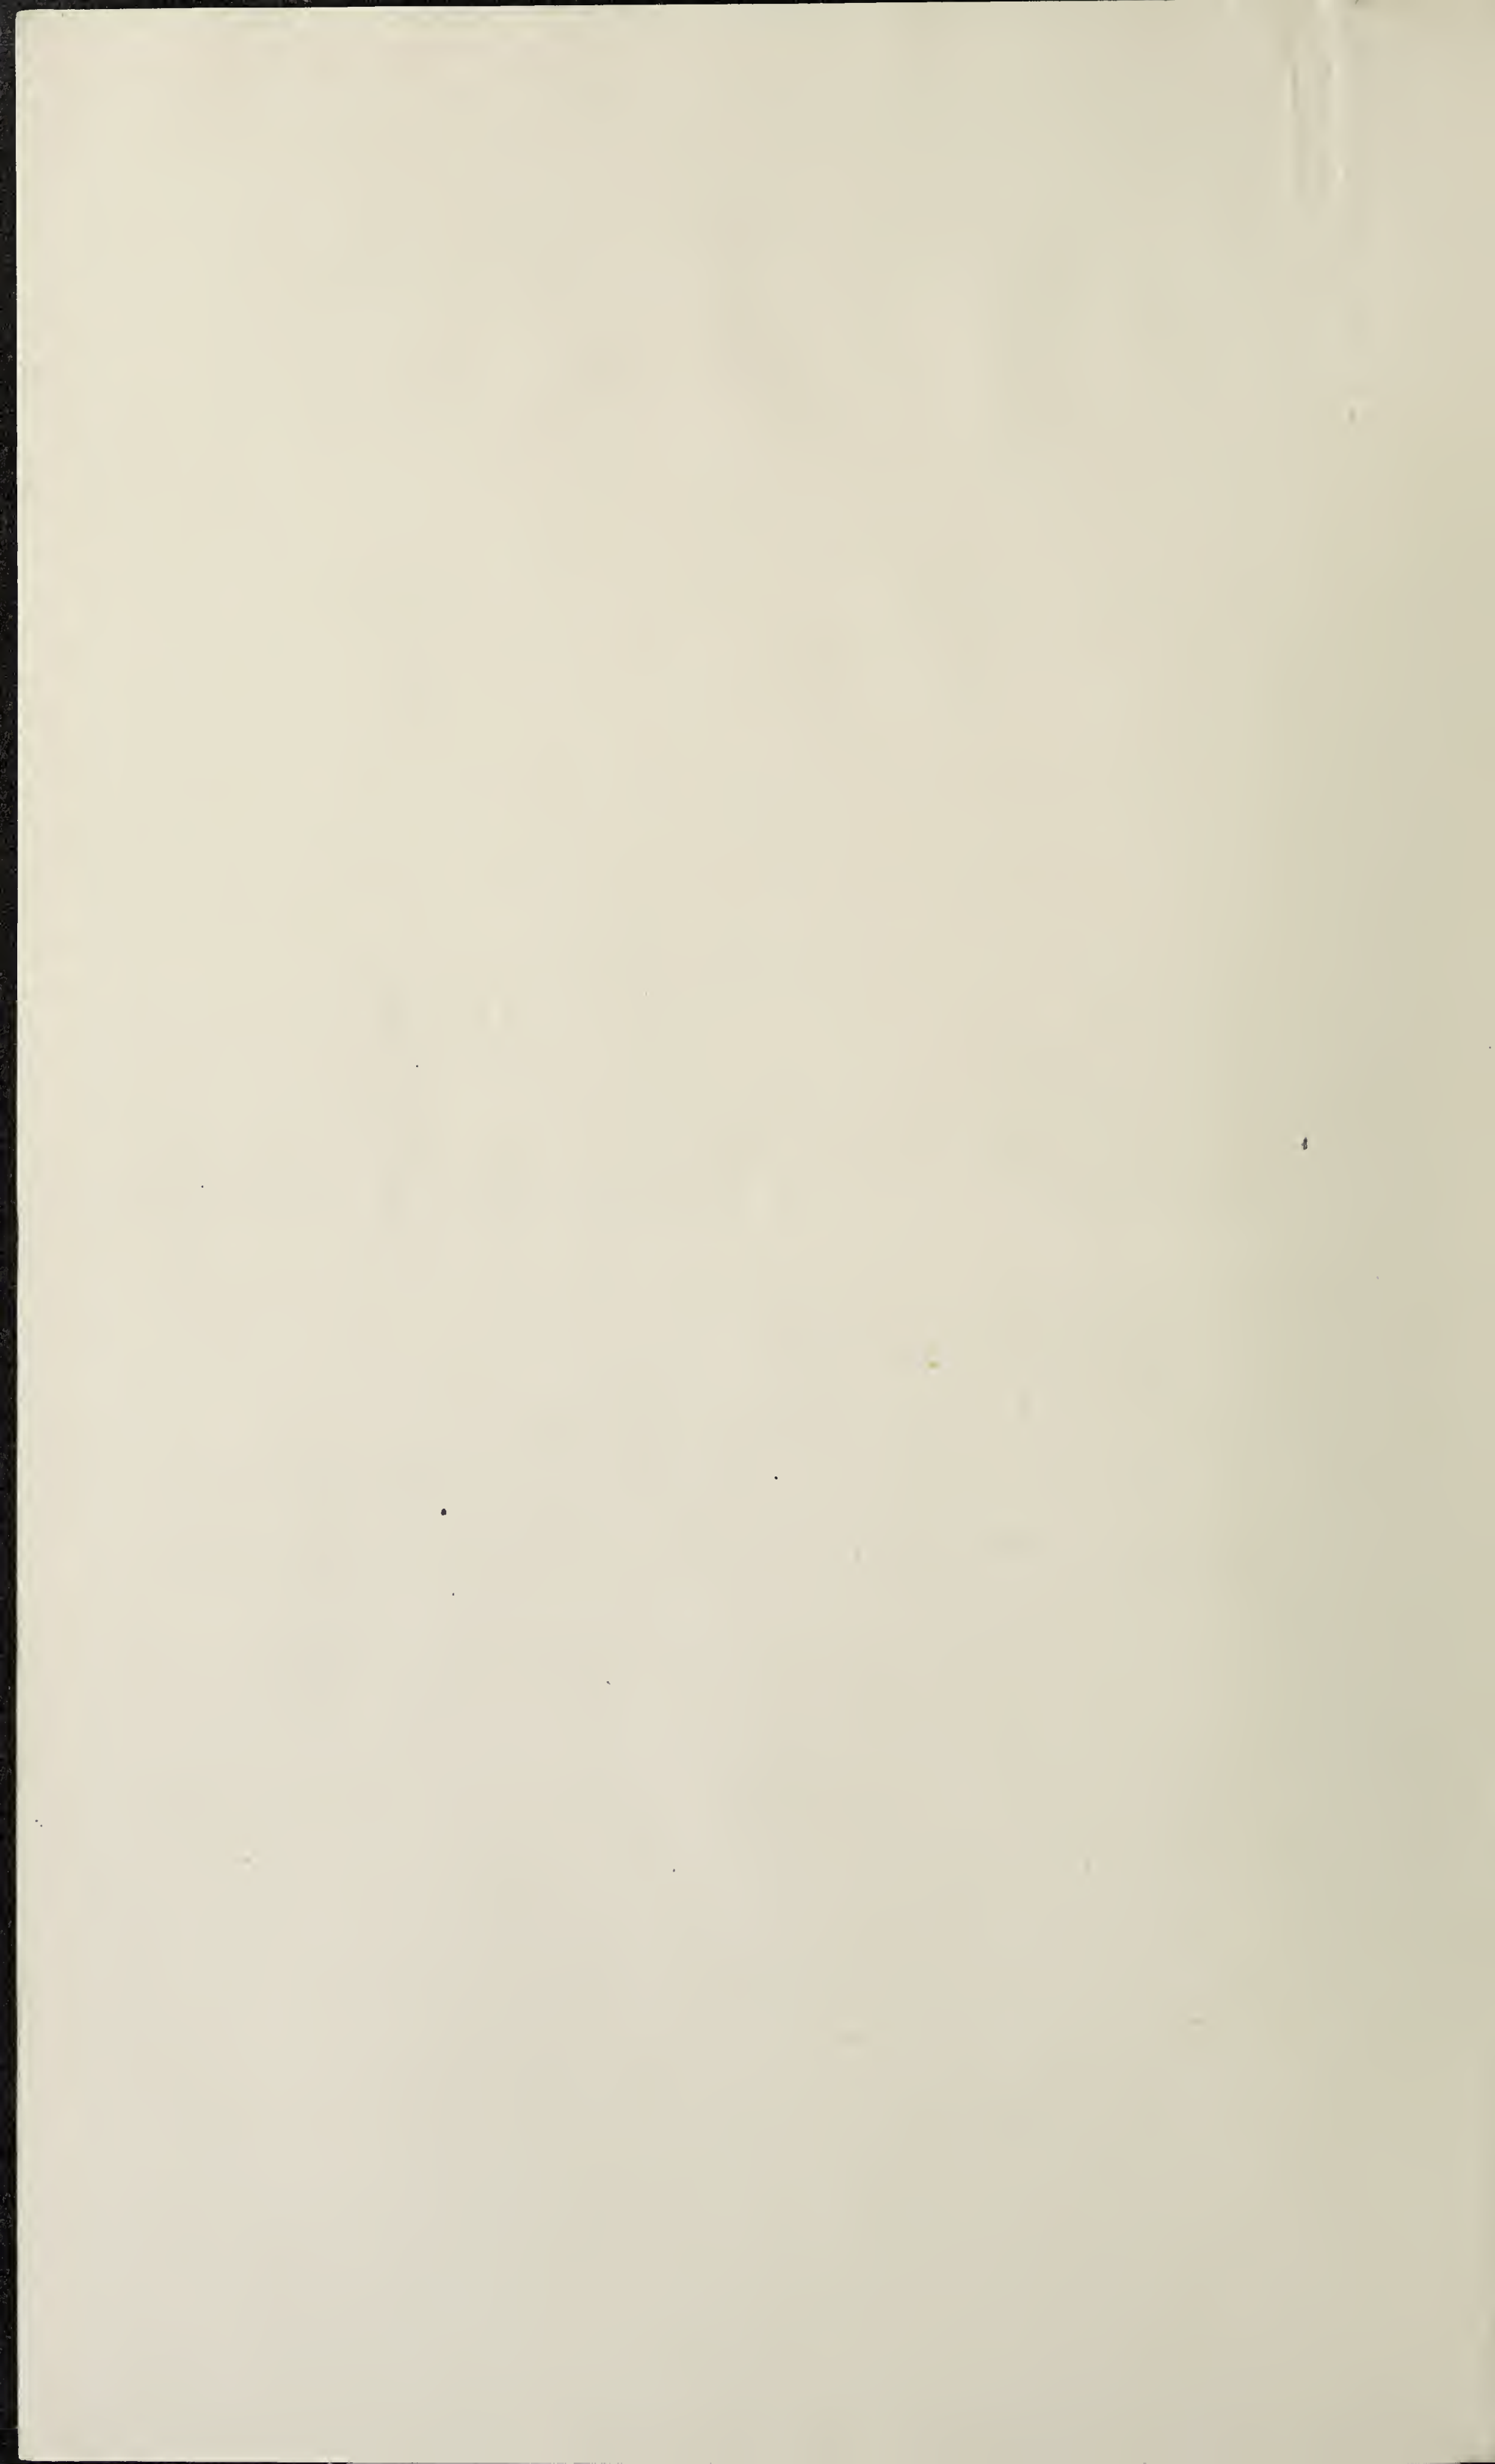

Gentlemen,

The following is my Report for the year 1944. The statistics are based on a population of 2,108 persons. This figure is very low in my estimation. The area of your district is 74,536 acres or 116 square miles. The density of the population is thus 18 persons to the square mile. The number of inhabited houses is 815. The Rateable Value is £8,028 and a penny rate yields £28.5s.0d.

There are no dangerous Trades in your area.

Official for the year 1944.

M.O.H. - W. C. Speirs, M.B., Ch.B., Edin.

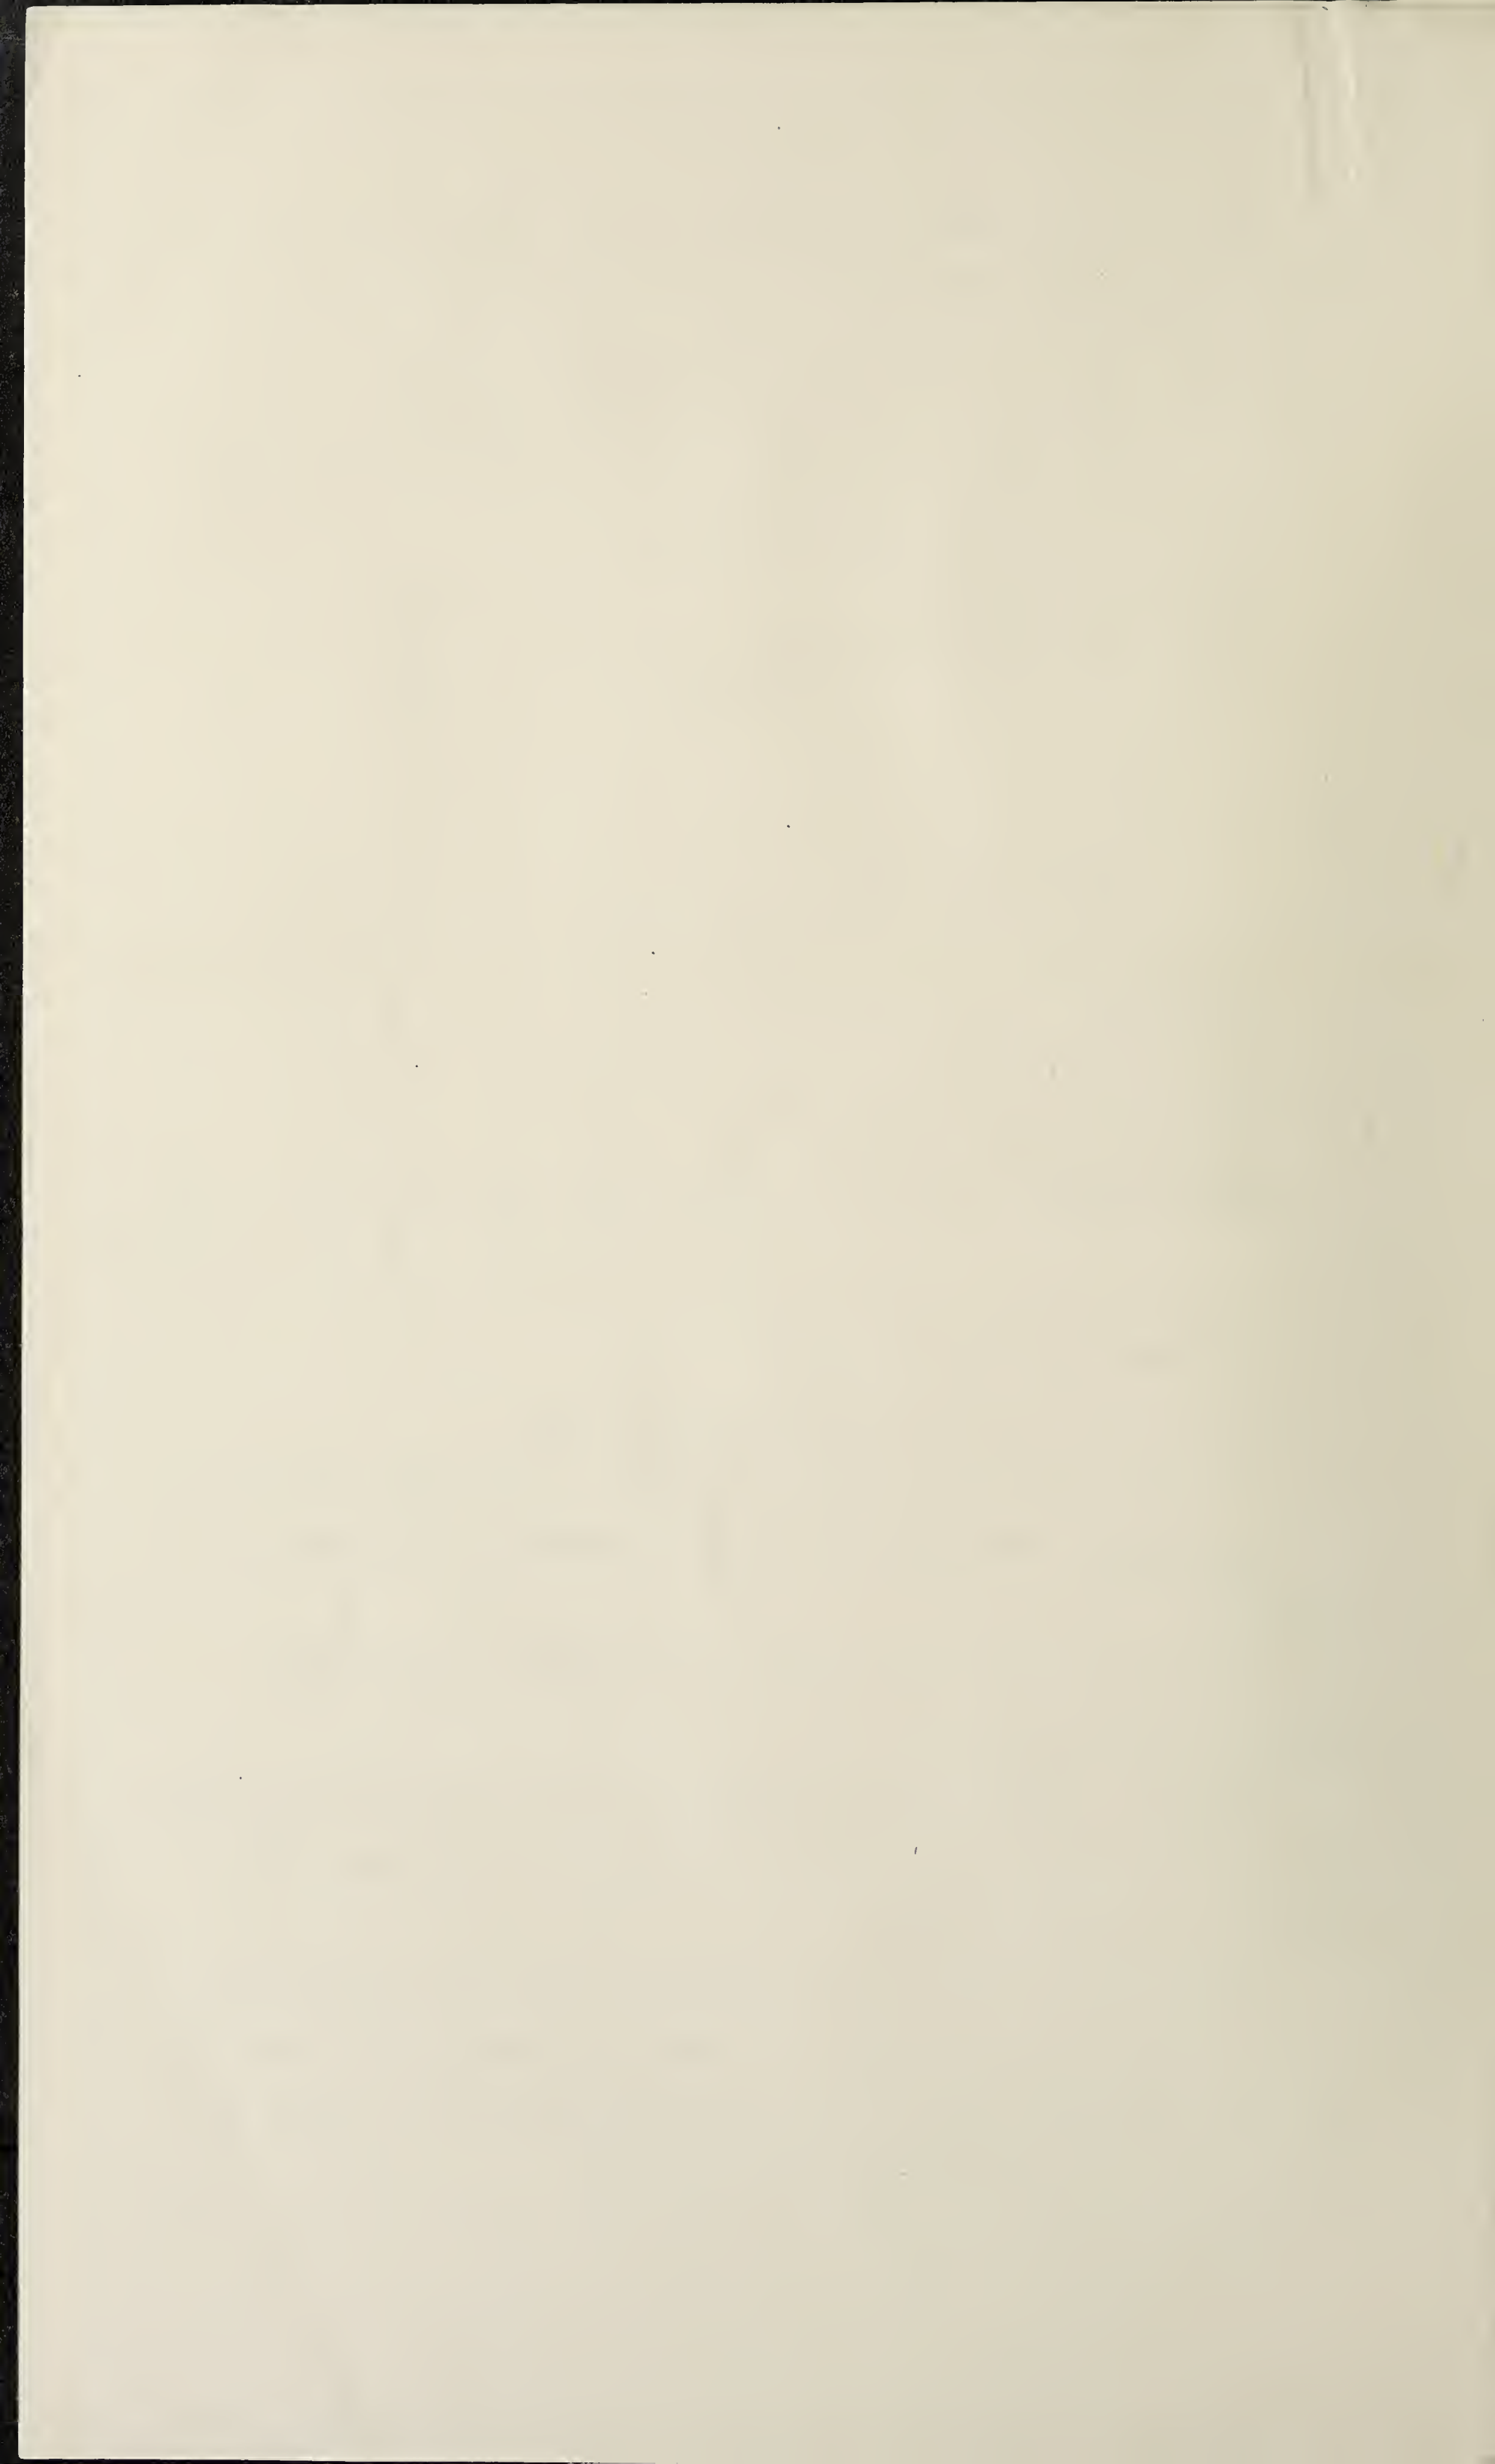

Sanitary Inspector - Fred. W. Storey, A.N. San., T.M.S.T.A.

Ambulance. The District is well served by the Ambulance at Richmond.

Infectious cases are removed to Hospital by the Fever Ambulance from Richmond.

Nursing. There are two Nursing Associations working in the area, but the greater portion of Swaledale has no nurse for Surgical or Medical cases.

There are no Hospitals or Clinics in the Area except the customary Clinic in the Schools. Maternity Nursing is done by the Local District Nurses. The Midwifery Nursing is under the control of the North Riding County Council.

No Sanitary Inspectors report is included as this appointment is vacant. (June 1945.)
